Stackarps Jackson is a six year old approved stallion in Sweden. He won the final in September at the Swedish National six year old dressage championship for all pony breeds, with close to 80% together with his rider Elin Krantzén.

He also won the five year old Swedish National dressage final last year, the young pony finals in Sweden for the best mover under saddle as a 4 year old and the best mover in hand and loose as a 3 year old...so he has been winning the finals four year in a row!

Jackson was also the champion in hand at the Swedish New Forest championships this

summer.
