Forest born and bred and spent his first winter in on hard feed. He has been halter broken and well handled, walked out, tied up and had his feet trimmed. He loads and travels well. Maverick has a nice quiet temperament and he enjoys the children fussing him and is used to dogs. He has been turned out next to mares and is not coltish. Owned since he was 6 months old, I have slowly brought this pony on around business & life commitments and he is great fun and such a character. Arnie is fantastic in traffic and hacks alone or with others. He has done sponsored rides and is used to kids whizzing by on scooters and bikes. He is easy to catch, load, clip and is good with the farrier. He loads alone or will travel with others and will stand quietly and wait his turn. He has done XC schooling up to 70cm, has show jumped and done arena eventing up to 60cm. Arnie doesn't really like dressage or flat work and much prefers hacking on and off road. Schooling is best done with a jump involved but this pony has not been over jumped. He is the type you can leave in the field for a week and bring in to hack out
