## Spring Colt Assessment Day

The annual Society spring colt assessment day took place at the Beaulieu Road Sales Yard on 04 April this year. The day included 2 & 3yo forest and stud colts forward for licencing assessment, Futurity yearlings' assessment and the Verderers assessment for their 2026 stallion scheme.

12 2&3yo colts passed their licensing assessment, with Millyford Masterpiece (Miss C Holloway) & Hollybrooke Barraquito (Mr J & Mrs W Adams) taking equal top marks.

12 Futurity yearling colts were presented, and 6 selected to join the scheme this year; and 6 of the 11 colts presented for the Verderers Inspections have been chosen to run the forest in 2026.

Thanks go to our hard-working volunteers who kept this extremely long and busy day running smoothly from start to finish.

## **APHA Revised Returned EU Consignments Process Launch**

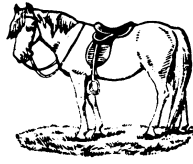

From 20 April 2026, consignments of animal products (including frozen semen) rejected at an EU Border Control Post must be returned to Great Britain via a GB Border Control Post, using the Import of Products, Animals, Food and Feed System (IPAFFS) with the "re-entry" option selected.

These returned consignments will undergo documentary and identity checks (and physical checks if required), and failure to follow the new process may result in enforcement action.

Importers should be aware that the previous APHA-only returns process remains available but now operates to a longer timeframe and cannot be used alongside the new system. More information can be found here: [Vet checks and returned animals or products: Import Information Notes](#),
